Extreme case

Extreme case

| Numb. Packs | Numb. Users | Max Delivery Cost | Storage Box Cost | Users' Pay |
|-------------|-------------|-------------------|------------------|------------|
| 1400 | 700 | 1.75 € | 0.2 €/two days | 1 €/km |

The code has been written in NetLogo 6.0 and, thanks to the Behavior Search tool, brought the following results for parameters we need in order to minimize the expenses:

- ▶ 10 Storages.
- ▶ 304 Boxes in each storage.
- ▶ Total expenses: 1440 €
